

WEST PORT MADISON NATURE PRESERVE ISLAND-WIDE USE

USES & AMENITIES:

Scenic views (Port Madison), wildlife watching, picnicking, walking.

SITE DESCRIPTION:

Located on Port Madison, adjacent to Bloedel Reserve, this densely wooded park has a ¼ mile trail to the shoreline. There are two sheltered picnic areas which both have fire pits. Short bridges make for an easy and fun walk. The challenging part is the last stretch to the beach where a ladder built into the soil leads down about 15 feet. The beach is sandy/silty and gradually sloped.
